

Jeunesse Reaches A 30 Million Dollar Month

Jeunesse Takes Global Sales by Storm

ORLANDO, Fla., Oct. 10, 2013 /PRNewswire/ -- After achieving \$25 million for sales in August, Jeunesse Global has surpassed a new milestone by generating over **\$30 million** in September: the same month the company celebrated its 4th Anniversary. Top Distributor ranks have risen exponentially in September alone and are reaching record peaks. Jeunesse has already grossed more than \$180 million since the beginning of 2013, and this achievement is securing a path to generating an estimated \$250 million by the end of this year. The latest edition of Direct Selling News' "Global 100 Special Report" announces that Jeunesse had a growth curve of 94% in sales revenue last year, which places the company third on the list for average growth. The company is now looking at a current growth curve of over 125% for 2013.

With the 2013 We Are Generation Young EXPO World Conference in Thailand concluded, Jeunesse officially launched the new LUMINESCE™ ultimate lifting masque as an addition to the popular LUMINESCE™ skincare line. Alongside this launch was the release of their groundbreaking supplement, FINITI™, for the Asia-Pacific region.

Over 8,000 people attended this year's EXPO, which opened its doors to Distributors from all parts of the world. The EXPO in Thailand united hundreds of cultures and served to strengthen ties with Distributors globally. During the EXPO, the company also announced four new ranks (Triple Diamond, Presidential Diamond, Imperial Diamond and Crowne Diamond), with the Crowne Diamond rank awarding a **one million dollar bonus**.

"We are extremely encouraged by the progress and growth of our September figures compared to August. We are already experiencing tremendous momentum coming out of our 2013 EXPO World Conference, which celebrated our 4th Anniversary and truly defined our culture of 'Generation Young.' The confidence level is at an all-time high, as we feel Jeunesse is in a unique position to leverage our global platform by closing out this year in record fashion. We have set up a solid global infrastructure, which we feel will allow the company to not only expand our current foundational leadership, but sustain the growth for many years to come," said Scott A. Lewis, Chief Visionary Officer.

In just four years, Jeunesse has established twenty offices worldwide; implemented a fully global platform; and opened distribution channels to over 85 countries. Furthermore, Jeunesse was recognized as 78th on the Direct Selling News' prestigious "Top 100 List" for 2012 and was recently bestowed the Direct Selling Association's "Rising Star Award" for 2013. Its recent accomplishments have helped Jeunesse expand into one of the most respected anti-aging leaders on the market today.
